Neighborhood Technical Assistance Clinic  
544 McDonough St.  
Brooklyn  
New York, 11233

Dear Mrs. Oliver-Durrah,

We acknowledge receipt of your letter requesting assistance towards improving the quality of life for the residents of Fiennes Institute in Antigua & Barbuda.

As you are aware, LIME is committed to the development of Education, Sports and Culture within the Caribbean and makes a conscious effort to effect this dedication. We are, therefore, pleased to donate a Public Address system for use at the Fiennes Institute.

I am aware that your schedule may not allow you to visit Antigua for the formal presentation ceremony. In this regard, please make the necessary arrangements for the Governor General, the Minister of Health and other government officials to attend same. The agenda should include an address by the Governor General, the Minister of Health and a representative of LIME. It is important that the event receives support from the aforementioned stakeholders or designates.

On behalf of LIME, I wish to thank you for this opportunity whereby we can demonstrate respect and appreciation for senior citizens and their contributions to the development of Antigua & Barbuda.

Sincerely,

Paula C. M. Lee  
Corporate Communications Manager

cc Dame Louise Lake-Tack  
Governor General
